- Radio
- Cockpit Speakers
- TV Set

Broker Comments

The Princess 42 is in great condition and shows why this model has such a strong reputation — a spacious, well-appointed layout that suits both short trips and longer cruises, a real advantage for a boat this size.

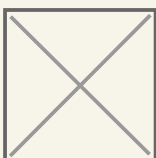

Twin Volvo Penta TAM75P engines (480hp each) deliver strong performance and confident seakeeping. She comes in full Mediterranean spec: bow thruster, Onan generator, air conditioning, Eberspacher heating, full Raymarine navigation, bathing ladder, and a flybridge fridge, among other features.

The interior stands out — two comfortable cabins, master forward and twin to starboard, each with en-suite, sitting close to the galley and saloon. Just steps away, an open-plan galley offers plenty of storage, a microwave, double sink, and induction cooktop.

Classic Princess style throughout, with cherry wood gloss finish and light leather upholstery for a warm, inviting feel. The flybridge adds a second helm station, a great social area with cool box and table, plus a separate aft sunbed
